WINE OF CARDUI

A SURE MEDICINE.

Handsom, Va., Dec. 31.

I have been suffering from female weakness for four years, and have taken many medicines, but Wine of Cardui and Black-brought have done more for me than anything else.

MRS. CAROLINE EVANS.

Wine of Cardui

It is a mistake to take any and every kind of medicine when you are sick. There is danger in it. Most of the so-called cures for "female weakness" do nothing more than deaden the pain temporarily, and when the effect wears away the patient is weaker and sicker than before. It is never wise to take chances. You have only one life, and that is dear and precious. If you have any pain, ache, disorder or weakness in the female organs, nothing will help you like Wine of Cardui. It helps do away with morning sickness during the early stages of pregnancy, and modifies the pains of childbirth; recovery is rapid and future health is assured. The Wine is purely vegetable, being made of herbs whose medicinal properties act directly upon the organs of womanhood. It is a long-tried remedy, and has many years of success behind it. It is sure. Why take a chance medicine when you can get a sure medicine?

BLOCK COAL PEOPLE

Consider an Agreement That Is Expected to End the Strike.

MARION TYLER LYNCHING

Judge Baker's Ruling Holding Bondsmen Equally Liable With the Sheriff In a Damage Suit—Terre Haute's Mayor Deals Knockout Blows to Ruffians Aboard a Passenger Train.

Terre Haute, Ind., May 17.—The block coal operators and miners met here yesterday to consider an agreement which will admit of the ending of the strike which has been in progress in the block coal fields for some time past. The agreement will not take the place of the one entered into on March 30, but will modify that in some particulars. The articles have been drawn up and the miners are holding a meeting today at Brazil to vote on the matter.

TYLER LYNCHING.

Demurrer to Complaint Overruled by Judge Baker.

Indianapolis, May 17.—In the federal court yesterday in the case of the administrator of Marion Tyler, who was lynched by a mob in Scott county, against Sheriff Gobin and his bondsmen for damages, Judge Baker overruled the demurrer to the complaint filed yesterday. Judge Baker held there could be no separation of the sheriff and his bondsmen, for the bond was given for the faithful performance of his duty, and hence the sheriff and his sureties were equally liable.

From the complaint the court recited "that the sheriff had turned over to the mob the keys of the jail, told the lynchers where the prisoner might be found, gave them a lamp to find their way through the jail, and did not oppose them or try to get help to stop the illegal hanging." Since Tyler lost his life, the court held, the suit could be brought by Tyler's representatives. It was also said that if the law imposes a duty of care in respect to animals and goods which a sheriff takes into his possession for safe keeping by virtue of the law, it also imposes the duty of caring for human beings placed in a sheriff's charge.

MAYOR TAGGART

Leaves For Home With the Remains of His Daughter.

Indianapolis, May 17.—A dispatch received in this city today announces that Mayor and Mrs. Taggart left for home this morning with the remains of their daughter, who was lost some time ago in the Paul Jones disaster in Florida waters.

The finding of Miss Taggart's body explains the hitherto mystery of the loss of the yacht, as well as removes the supposition of an early morning explosion in the engine room. The clothing upon Miss Taggart's body was sufficiently preserved to prove beyond doubt that she was fully attired at the time of the wreck, and now the nature of the wreck itself is made manifest.

Fugitive From Illinois Captured.
Indianapolis, May 17.—James A. Scott of Champaign, Ill., was arrested yesterday by Captain Colbert and Detectives Spahn and Wilson, charged with being a fugitive. It is said that the charges against Scott in Champaign are forgery, and that he had defrauded five merchants of that city out of several hundred dollars by the use of forged checks. He escaped arrest in that city by having his mustache shaved off. Deputy Sheriff Elmer Cunningham of Champaign will arrive this afternoon and Scott will be taken back.

Strike Is Still On.

Evansville, Ind., May 17.—There is no truth in the report sent out from Terre Haute that the miners of southern Indiana resumed work yesterday. The operators still refuse to meet with the officers of the United Mine Workers. President VanHorn and Secretary Kennedy have arrived, and they will assist in organizing the miners of Warwick county. A meeting was held at Chandler last night.

Nervy Old Couple.
Dillsboro, Ind., May 17.—Joseph Swezey, 70 years old, and his wife, Marietta Cavendar Headly Swezey, a few years his junior, have started to drive from this place to a point in Missouri. The trip will cover at least 850 miles, and the eccentric couple will attempt to make it in an old-fashioned "high water" buggy and with a horse which is well advanced in years.

Died From a Paralytic Stroke.
New Albany, Ind., May 17.—Philip M. Kopley, 81 years old, died yesterday of a paralytic stroke. He was the oldest native-born resident of Floyd county. He served two terms as county treasurer and six terms as city councilman. He leaves a wife and seven children, and an estate valued at \$60,000.

Probably Fatal Runaway.

Greentown, Ind., May 17.—While Mrs. Aaron Croppcock was attempting to pass a crowd of gypsies, her horse took fright at a bear and dashed away, tearing the buggy to pieces and dragging Mrs. Croppcock quite a distance. Her recovery is doubtful.

May Be a Suicide.
Mishawaka, Ind., May 17.—Daniel Hall of this place, 40 years old, and the father of seven children, disappeared last Friday. A letter has been received by his wife that his body will be found in the river.

VERY WORST KIND

A BACKACHE THAT CAUSES THE GREATEST SUFFERING

A Certain Cause which Also Has a Certain Cure as Proven by Experience.

We ask you to believe what we say about Morrow's Kid ne-oids because we publish only facts. We are honest in all our statements and we prove our claims by respectable people. Mrs. M. C. Holtz, 88 Cherry Street, Huntington, Ind., adds her testimony in favor of Morrow's Kid ne-oids, as follows:

"For about four months I was troubled with pain in my back across the kidneys. When I would stoop over and attempt to rise quickly, I would suffer intense pain in my back and would have to hold on to something to keep from falling. At times I was nervous and my back would pain me so badly that I could not sleep, but would roll and tumble in bed until I was completely worn out. I also had spells of dizziness and would stagger like a drunken man. Learning about Morrow's Kid ne-oids I secured some and took them according to the directions and in three days was completely relieved of backache, my nerves became steady so that I could sleep well at night, and I have had no dizzy spells since taking the first dose of Kid ne-oids. I told mother, Mrs. Mrs. Catherine Roush, who is afflicted with kidney trouble, what Morrow's Kid ne-oids did for me and she is going to use them also. Every person should know about Morrow's Kid ne-oids and suffer no longer with kidney trouble."

Morrow's Kid ne-oids are not pills but Yellow Tablets and cure backache, nervousness and sleeplessness. They sell at fifty cents a box at all drug stores and Alpha Cox's drug store.

MUCH DIFFICULTY

It is Expected Will Be Encountered In Paying Cuban Troops.

ANTIAMERICAN OUTBURST

Similar to That at Garcia's Funeral.

Veterans' Association, a Revolutionary Organization, Indulges In Some Seditious Talk on the Disarming of Cubans.

Washington, May 17.—Information has reached the war department showing that considerable difficulty will be encountered in the payment of the Cuban troops. The men in charge of the money do not know yet what method is to be followed in making the payment.

A great deal of work will be necessary in connection with receiving the arms and making sure that the money goes to the proper persons. Many of the Cubans cannot write their names and already it has been suggested that in such cases an officer of the organization should certify for such persons. It was represented that the payment would begin yesterday, but the action of General Gomez will postpone early action.

ANTIAMERICAN

Outburst In Cuba Regarded as Similar to That at Garcia's Funeral.

Havana, May 17.—Americans residing in Havana, especially those who have been here since the beginning of the military occupation, look upon the present anti-American outburst as similar to the Garcia funeral incident and the excitement which followed the prohibition of demonstrations on Jan. 1. It is really a very simple matter. Just now General Brooke is considering the publication of an order designed to check untruthful and violent criticism of the military government. Should the order be issued it would merely call attention, by reproducing them, to the existing libel laws under the Spanish code, which provides abundant methods of discouraging immoderate utterances. The propriety of censoring explosive newspapers, suppressing meetings and forcibly disarming the Cubans has been considered, but such policy has been laid aside definitely as being unwise and impolitic. There is no present purpose to use any repressive measures. Everybody will be allowed to express his feelings in writing and talking.

A former member of the military assembly said yesterday: "The Cubans have no desire for anything but a peaceful adjustment immediately. They blame Gomez for being too uncommunicative and for his unwillingness to abrogate selfish motives sufficiently to allow any one else to have a share in the honor of arranging Cuba's future."

Members of the late Cuban military assembly and other discontented persons belonging to the new revolutionary club styled the Veterans' association met at Cerro and indulged in a prolonged debate on the question of the Cuban troops surrendering their arms. One group was in favor of entrusting the arms to the brigade chiefs or Cuban municipalities. Another group was opposed altogether to surrendering the arms, saying it might be necessary to "use them against American pretensions."

The meeting was presided over by General Jose Lacret and was attended by Sangrally, Andrade, Vidal and Juan Gomez. Telegrams from all the provinces were read, opposing giving up the arms. The so-called weakness of General Maximo Gomez was contrasted with Aguinaldo's "Patriotic courage." No decision was reached.

Major Ducker reports a case of yellow fever, but it is the only existing case, and he believes the patient, who is a

Did you ever notice how some women break down after marriage? As the family increases, the poor mothers lose their graceful, symmetrical forms, their faces are full of lines and no vestige of youth remains. Dr. Pierce's Favorite Prescription works wonders for such women. A woman need never lose her shape or beauty. If she will take "Favorite Prescription" during gestation, she will not be worried. Morning sickness will be almost wholly unknown. Nervousness will be prevented. When baby comes, there will be little or no pain, and the ordeal will be shortened. Recovery will be rapid, and the patient will emerge with her old-time attractiveness of face and figure. The mother who takes this wonderful medicine can keep her health and youthful looks, even though a half-dozen children play about her knees. No other women's remedy is its equal. Never allow the medicine dealer to substitute something else. This remedy contains no trace of alcohol, nor opium, nor any of the dangerous drugs which enter so largely into many advertised "compounds," recommended for the cure of invalid women. It will not create craving for stimulants.

"For five years my wife was in an almost helpless condition, suffering from female weakness," writes J. S. Everett, Esq., of Hagerman, Washington Co., Pa. "Last September I decided to try Dr. Pierce's Favorite Prescription. She took several bottles of the medicine and gave birth to a ten pound son on January 31st, 1898. She is now sound and well and doing her housework."

Every family needs a medical guide and instructor. The best ever published is the Common Sense Medical Adviser, 1008 pages. It will be sent free on receipt of 21 one-cent stamps to cover cost of mailing only. FILIPINO JUNTA

Ridicules the Statement That Aguinaldo Is a Fugitive.

London, May 17.—The Filipino junta here announces that on receipt of the news saying all foreigners had been ordered from the Filipino lines, a cable message of inquiry had been sent to Aguinaldo, who replied that the announcement was due to the statements of Mr. Higgins, the manager of the railroad, on his return to Manila after several months' residence in the Filipino lines.

The Filipinos, it is added, ridicule the statement that Aguinaldo is a fugitive, and declare his retirement to the Caraballo mountains is part of his strategic plans, as the mountains are almost inaccessible and are inhabited by savages who use poisoned arrows and that it is absolutely impossible for the Americans to follow him there.

Tenth Annual Convention In Session at Louisville.

Louisville, May 17.—The 10th annual convention of the National Travellers Protective association was called to order yesterday at Library hall. There were present 298 delegates, who were accompanied by about 1,500 visitors. The session was devoted to the exercises of welcome. Mayor Weaver impressed on the delegates that Kentucky hospitality would be served in the state's best style. He said that the Travellers Protective association carried the golden rule of commerce and incidentally referred to the splendid work done by the local committee in preparing to entertain the "commercial evangelists." The keys of the city were handed the convention.

Charles R. Duffin of Terre Haute, national president of the organization, replied on behalf of the convention, telling of the pleasure with which the delegates came to Louisville and commended the drummer's position in the world of commerce.

CAUSED HEMORRHAGES

Toledo Man Sustains Fatal Injuries During an Initiation.

Toledo, May 17.—Charles Steinhilber died yesterday from injuries said to have been sustained at an initiation in the Catholic Young Men's association. During the progress of the initiation the lights were turned out and some one hit Steinhilber in the back and he was tripped. When the lights were turned on he had a hemorrhage of the lungs. He never recovered from this and they occurred frequently until he died.

Did you ever notice how some women break down after marriage? As the family increases, the poor mothers lose their graceful, symmetrical forms, their faces are full of lines and no vestige of youth remains. Dr. Pierce's Favorite Prescription works wonders for such women. A woman need never lose her shape or beauty. If she will take "Favorite Prescription" during gestation, she will not be worried. Morning sickness will be almost wholly unknown. Nervousness will be prevented. When baby comes, there will be little or no pain, and the ordeal will be shortened. Recovery will be rapid, and the patient will emerge with her old-time attractiveness of face and figure. The mother who takes this wonderful medicine can keep her health and youthful looks, even though a half-dozen children play about her knees. No other women's remedy is its equal. Never allow the medicine dealer to substitute something else. This remedy contains no trace of alcohol, nor opium, nor any of the dangerous drugs which enter so largely into many advertised "compounds," recommended for the cure of invalid women. It will not create craving for stimulants.

"For five years my wife was in an almost helpless condition, suffering from female weakness," writes J. S. Everett, Esq., of Hagerman, Washington Co., Pa. "Last September I decided to try Dr. Pierce's Favorite Prescription. She took several bottles of the medicine and gave birth to a ten pound son on January 31st, 1898. She is now sound and well and doing her housework."

native of the Canary islands, will recover. Havana has an altogether exceptional health record for this time of the year.

Two hundred and sixty recruits have arrived by the transport McClellan for the Eighth infantry, Second artillery and Seventh cavalry. They are in charge of Captain Kirby of the Tenth infantry. Medical officers deplore the sending of "green" men down here at this time, believing it a mistaken policy, as their health is unnecessarily exposed to risks. Moreover, it is quite impossible to drill them adequately owing to the climatic conditions and they, therefore, virtually are useless for duty.

TOUR OF INSPECTION.

General Wood Finds Santiago Province In a Prosperous Condition.

Santiago de Cuba, May 17.—Major General Leonard Wood, military governor of Santiago, has arrived here after his first trip into the interior of the province. He went to Manzanillo by steamer, but returned by the overland route, accompanied by Lieutenant Matthew Hanna, his aide.

The country traversed he found in a generally prosperous condition. The planters are planting cane and expect a full crop next year. Stories regarding bandits seem for the most part to have been promoted by professional politicians, who have an interest in maintaining disturbing conditions.

Everywhere General Wood found the people anxious for greater security, and the annexation idea is undoubtedly growing in spite of all efforts on the part of agitators to the contrary.

Along the whole route he was received with enthusiasm, and at several points with very elaborate arrangements to welcome him.

Decorations day will be held on May 30 throughout the province, particularly at Guantanamo and Siboney.

[LETTER TO MRS. PINKHAM NO. 32,354]

"DEAR MRS. PINKHAM—For some time I have thought of writing to you to let you know of the great benefit I have received from the use of Lydia E. Pinkham's Vegetable Compound. Soon after the birth of my first child, I commenced to have spells with my spine. Every month I grew worse and at last became so bad that I found I was gradually losing my mind. The doctors treated me for female troubles, but I got no better. One doctor told me that I would be insane. I was advised by a friend to give Lydia E. Pinkham's Vegetable Compound a trial, and before I had taken all of the first bottle my neighbors noticed the change in me. I have now taken five bottles and cannot find words sufficient to praise it. I advise every woman who is suffering from any female weakness to give it a fair trial. I thank you for your good medicine."—MRS. GERTRUDE M. JOHNSON, JONESBORO, TEXAS.

WINE OF CARDUI

A SURE MEDICINE.

HANDSON, Va., Dec. 31.

I have been suffering from female weakness for four years, and have taken many medicines, but Wine of Cardui and Black-Draught have done more for me than anything else.

MRS. CAROLINE EVANS.

Wine of Cardui

It is a mistake to take any and every kind of medicine when you are sick. There is danger in it. Most of the so-called cures for "female weakness" do nothing more than deaden the pain temporarily, and when the effect wears away the patient is weaker and sicker than before. It is never wise to take chances. You have only one life, and that is dear and precious. If you have any pain, ache, disorder or weakness in the female organs, nothing will help you like Wine of Cardui. It helps do away with morning sickness during the early stages of pregnancy, and modifies the pains of childbirth; recovery is rapid and future health is assured. The Wine is purely vegetable, being made of herbs whose medicinal properties act directly upon the organs of womanhood. It is a long-tried remedy, and has many years of success behind it. It is sure. Why take a chance medicine when you can get a sure medicine?

BLOCK COAL PEOPLE

Consider an Agreement That Is Expected to End the Strike.

MARION TYLER LYNCHING

Judge Baker's Ruling Holding Bondsmen Equally Liable With the Sheriff In a Damage Suit—Terre Haute's Mayor Deals Knockout Blows to Ruffians Aboard a Passenger Train.

Terre Haute, Ind., May 17.—The block coal operators and miners met here yesterday to consider an agreement which will admit of the ending of the strike which has been in progress in the block coal fields for some time past. The agreement will not take the place of the one entered into on March 30, but will modify that in some particulars. The articles have been drawn up and the miners are holding a meeting today at Brazil to vote on the matter.

TYLER LYNCHING.

Demurrer to Complaint Overruled by Judge Baker.

Indianapolis, May 17.—In the federal court yesterday in the case of the administrator of Marion Tyler, who was lynched by a mob in Scott county, against Sheriff Gobin and his bondsmen for damages, Judge Baker overruled the demurrer to the complaint filed yesterday. Judge Baker held there could be no separation of the sheriff and his bondsmen, for the bond was given for the faithful performance of his duty, and hence the sheriff and his sureties were equally liable.

From the complaint the court recited "that the sheriff had turned over to the mob the keys of the jail, told the lynchers where the prisoner might be found, gave them a lamp to find their way through the jail, and did not oppose them or try to get help to stop the illegal hanging." Since Tyler lost his life, the court held, the suit could be brought by Tyler's representatives. It was also said that if the law imposes a duty of care in respect to animals and goods which a sheriff takes into his possession for safe keeping by virtue of the law, it also imposes the duty of caring for human beings placed in a sheriff's charge.

MAYOR TAGGART

Leaves For Home With the Remains of His Daughter.

Indianapolis, May 17.—A dispatch received in this city today announces that Mayor and Mrs. Taggart left for home this morning with the remains of their daughter, who was lost some time ago in the Paul Jones disaster in Florida waters.

The finding of Miss Taggart's body explains the hitherto mystery of the loss of the yacht, as well as removes the supposition of an early morning explosion in the engine room. The clothing upon Miss Taggart's body was sufficiently preserved to prove beyond doubt that she was fully attired at the time of the wreck, and now the nature of the wreck itself is made manifest.

Fugitive From Illinois Captured.

Indianapolis, May 17.—James A. Scott of Champaign, Ills., was arrested yesterday by Captain Colbert and Detectives Spahn and Wilson, charged with being a fugitive. It is said that the charges against Scott in Champaign are forgery, and that he had defrauded five merchants of that city out of several hundred dollars by the use of forged checks. He escaped arrest in that city by having his mustache shaved off. Deputy Sheriff Elmer Cunningham of Champaign will arrive this afternoon and Scott will be taken back.

Strike Is Still On.

Evansville, Ind., May 17.—There is no truth in the report sent out from Terre Haute that the miners of southern Indiana resumed work yesterday. The operators still refuse to meet with the officers of the United Mine Workers. President Van Horn and Secretary Kennedy have arrived, and they will assist in organizing the miners of Warrick county. A meeting was held at Chandler last night.

Nervy Old Couple.

Dillsboro, Ind., May 17.—Joseph Swezey, 70 years old, and his wife, Marietta Cavender Headly Swezey, a few years his junior, have started to drive from this place to a point in Missouri. The trip will cover at least 350 miles, and the eccentric couple will attempt to make it in an old-fashioned "high water" buggy and with a horse which is well advanced in years.

Died From a Paralytic Stroke.

New Albany, Ind., May 17.—Philip M. Kepley, 81 years old, died yesterday of a paralytic stroke. He was the oldest native-born resident of Floyd county. He served two terms as county treasurer and six terms as city councilman. He leaves a wife and seven children, and an estate valued at \$60,000.

Probably Fatal Runaway.

Greentown, Ind., May 17.—While Mrs. Aaron Croppock was attempting to pass a crowd of gypsies, her horse took fright at a bear and dashed away, tearing the buggy to pieces and dragging Mrs. Croppock quite a distance. Her recovery is doubtful.

May Be a Suicide.

Mishawaka, Ind., May 17.—Daniel Hall of this place, 40 years old, and the father of seven children, disappeared last Friday. A letter has been received by his wife that his body will be found in the river.

Sunday was a day here for sensations and accidents—two weddings and three runaways. George Dalton and Miss Lilla Hamilton were married at high noon at the home of the bride.

The Divine Healer has left Medora and it is reported he has conveyed his healing power to the man that so unjustly criticised the Pearly correspondence in last week's issue of the paper in an article headed "Healed by Faith and Prayer." So the people will still be duped if they will only have "faith."

Sam Pavey, of Washington county, came over here with an anxious crowd of young people and when they were midway between the school house and Jacob Martin's they met Rev. D. M. Brown, who proceeded to tie the matrimonial knot, uniting in marriage John Hughes and Miss Stella Pavey. It was all done so quick that the crowd did not realize what had happened.

John Bolden, an old soldier living on Curtis Plummer's farm met with a serious accident while returning from Medora Saturday. His horse got frightened, ran off, turned the buggy over dislocating and breaking some of the bones in the old gentleman's shoulder. Dr. S. W. Smith, of Leesville, was called and dressed his wounds.

The "Hammer" in the Banner shows his usual ignorance of the facts. He intimated that Mr. White was the cause of charging admittance to the commencement, the plain fact of the case being that Mr. White had nothing to do with the arrangements, but the teachers. They were a unit for charging admittance and the "classmates" did not have to pay anything as he would have the public wrongfully believe.

VERY WORST KIND

A BACKACHE THAT CAUSES THE GREATEST SUFFERING

A Certain Cause which Also Has a Certain Cure as Proven by Experience.

We ask you to believe what we say about Morrow's Kid-ne-oids because we publish only facts. We are honest in all our statements and we prove our claims by respectable people. Mrs. M. C. Holtz, 88 Cherry Street, Huntington, Ind., adds her testimony in favor of Morrow's Kid-ne-oids, as follows:

"For about four months I was troubled with pain in my back across the kidneys. When I would stoop over and attempt to rise quickly, I would suffer intense pain in my back and would have to hold on to something to keep from falling. At times I was nervous and my back would pain me so badly that I could not sleep, but would roll and tumble in bed until I was completely worn out. I also had spells of dizziness and would stagger like a drunken man. Learning about Morrow's Kid-ne-oids I secured some and took them according to the directions and in three days was completely relieved of backache, my nerves became steady so that I could sleep well at night, and I have had no dizzy spells since taking the first dose of Kid-ne-oids. I told mother, Mrs. Mrs. Catherine Roush, who is afflicted with kidney trouble, what Morrow's Kid-ne-oids did for me and she is going to use them also. Every person should know about Morrow's Kid-ne-oids and suffer no longer with kidney trouble."

Morrow's Kid-ne-oids are not pills but Yellow Tablets and cure backache, nervousness and sleeplessness. They sell at fifty cents a box at all drug stores and Alpha Cox's drug store.

"A word to the wise is sufficient" and a word from the wise should be sufficient, but you ask, who are the wise? Those who know. The oft repeated experience of trustworthy persons may be taken for knowledge. Mr. W. M. Terry says Chamberlain's Cough Remedy gives better satisfaction than any other in the market. He has been in the drug business at Elkton, Ky., for twelve years; has sold hundreds of bottles of this remedy and nearly all other cough medicines manufactured, which shows conclusively that Chamberlain's is the most satisfactory to the people, and is the best.
